POLY RATTAN

FURNITURE INTRODUCTION

Our poly rattan furniture collection features a range of sofas, dining sets, sunbeds and swing chairs suitable for indoor and outdoor use in challenging weather conditions. All our furniture is handmade by skilled craftspeople using traditional wicker weaving techniques which gives a unique character to each design and a personal touch to any living space.

ABOUT US

Our company is made up of a fusion of cultures and skills. Our enthusiastic designers live, breathe and dream of natural furniture with a boho aesthetic.

As well as creating their own inspired designs, our designers can give you expert advice not only on your custom rattan furniture design concept but also on the practicalities and feasibility of manufacture. Their imagination coupled with in-depth knowledge and experience of the handicraft industry means we'll provide ideas and design concepts to put you ahead of your retail competition.

Our English speaking sales staff is well trained to provide support to our global clientele. They will keep you advised of the progress of your order and help with shipping arrangements as they are knowledgeable about exporting procedures.

POLY RATTAN FURNITURE

Poly rattan doesn't require much maintenance so looking after furniture is simple as it is easy to clean. Nor does it fade in direct sunlight and is water resistant so you can leave it outdoors.

Poly rattan looks and feels almost identical to its natural rattan . It comes in several different colours including brown, grey, black, natural, whitewash, with brown and grey being the most popular.

Poly rattan is hand woven in the same manner as natural rattan similar.

All our poly rattan sofas are hand woven and therefore every piece is unique and there will always be slight variations between items.
