Natural Materials

Aurijinal uses only natural sustainable materials such as jute, seagrass , rattan, wood and bamboo in our rustic lamps. Our weavers have many years experience in practising their craft in traditional village communities.

A photograph of two bamboo lanterns on a wooden shelf. The lantern on the left is made of natural bamboo, while the one on the right is painted white. Both have a tiered design and a curved wooden handle. In the background, a round wooden clock with Roman numerals is mounted on a grey wall. A small bouquet of blue hydrangeas is visible on the left. A dark brown rectangular box is overlaid on the lower left of the image.

A minimalist interior scene with a textured, light-colored wall and exposed wooden beams on the ceiling. The floor is made of wide, light-colored wooden planks. On the left, a small potted plant sits on a thin, dark metal stand. On the right, a tall, slender, woven floor lamp stands against the wall. The lamp has a warm, orange glow emanating from within. A dark brown rectangular box is overlaid on the bottom left corner, containing the text "Floor Lamps" in white.
